OCEAN CELEBRATES ITS 45TH ANNIVERSARY

As part of our 45th anniversary, we would like to thank our partners and all stakeholders for contributing to our growth, to the development of our markets and to our success!

“When I founded Aqua-Marine in 1972, I had in mind to offer integrated marine services. The confidence of the customers, the support of the partners and the ingenuity of my team allowed Aqua-Marine to become Ocean, a leader in the maritime industry” said Gordon Bain, President and Founder.

Over the past few years, we have experienced considerable growth which has enabled us to expand our range of services and expand our territory in Ontario, Quebec, New Brunswick, Newfoundland and Labrador, Western Canada and the Caribbean.

Today, nearly 850 employees carry out a multitude of projects in our three main complementary sectors of activity: Shipbuilding and repair, harbour towing and maritime transportation, as well as rental of specialized marine equipment and dredging.

“We have developed a unique expertise that allowed us to engage in a major turning point on our development strategy. We have surrounded ourselves with the best in order to make Ocean grow and your confidence has enabled us to project ourselves into the future” added Jacques Tanguay, CEO and shareholder.

To mark the launch of our 45th anniversary, we are pleased to unveil our new anniversary image. Simple and powerful, the new logo symbolizes the strength of Groupe Océan (GO). The **GO FULL FORCE** slogan confirms our commitment to realize our vision: become a world-class organization and be a trusted partner for our customers.

Ocean does not lack projects ahead!
